

GAF-Elk Capstone®
Lifetime Designer Roofing Shingles
Product Information

Updated: 10/08

*Your Best And Safest Choice...
Quality You Can Trust Since 1886!*

Color Shown:
Fossil Grey

for PROPERTY OWNERS

- **Unique Appearance...** Random-cut design results in a timeless, turn-of-the-century look—especially great for historic properties, Victorians, or even charming cottages
- **High Performance...** Heavyweight design and extra-strong Micro Weave[®] core provide outstanding performance in all climates
- **Affordable Luxury...** Only a fraction of the cost of expensive slate
- **StainGuard[®] Protection...** Helps assure the beauty of your roof against unsightly blue-green algae*
- **Safer...** Class A fire listing from Underwriters Laboratories — the highest rating possible
- **Stays In Place...** Made with Dura Grip[®], adhesive which helps each shingle to seal even more tightly and reduce the risk of shingle blow-off. Shingles warranted to withstand winds up to 130 mph!†
- **Peace Of Mind...** Lifetime ltd. transferable warranty with Smart Choice[®] Protection for the first ten years*
- **Perfect Finishing Touch...** Premium Timbertex[®] ridge cap shingles with StainGuard[®] protection lend the perfect finishing touch

for PROFESSIONALS

- **More Referrals...** Unique and distinctive design that other homeowners will notice!
- **Greater Customer Satisfaction...** StainGuard[®] helps assure the beauty of your roof against unsightly blue-green algae*

*See ltd. warranty for complete coverage and restrictions.

†Wind speed coverage requires special installation. See ltd. warranty for details.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Smart Choice® ROOF SYSTEM SOLUTION

"Your Best And Safest Choice... Quality You Can Trust Since 1886!"

Leak Barrier

Weather Watch® and **StormGuard®** provide exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North*).

Roof Deck Protection

"Breathable" **Deck-Armor™** allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. It also lays flatter for a better-looking roof. **Shingle-Mate®** also provides great protection for your roof.

Quality Shingles

Choosing the right shingle can increase the value of your home. GAF-Elk offers you many great shingle choices, including **Timberline®**, the #1-selling architectural shingles in North America.

Effective Attic Ventilation

Cobra® and **Master Flow®** vents help remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wallpaper, and even affect your health.

Distinctive Ridge Cap Shingles

Similar to the way that a distinctive frame enhances a painting, **Timbertex®** and **Ridglass®** can enhance the beauty and value of your home—while guarding against leaks at the hips and ridges.

Reliable Low-Slope Membranes

Liberty™ and **Freedom™** commercial-grade self-adhering roofing systems are exceptionally dependable! They're safer too, because no open torches or hot asphalt are used.

Pre-Cut Starter Strip Shingles

WeatherBlocker™ and **Pro-Start™** pre-cut starter strip shingles provide an upgrade that can save time, eliminate waste, and reduce the risk of blow-off by tightly locking your first course of shingles in place.

Roof Accessory Paint

ShingleMatch™ premium roof accessory paint is a great option to help you "hide" unsightly roof accessories by making them blend in with the color of your shingles... for a better-looking finished roof.

*In the "North," building code requires the use of Leak Barrier at the eaves.

GAF-Elk is a U.S.-Owned Corporation
